# MyneSight Wollongong is officially open!

MyneSight Wollongong is officially open!

Local mine management, construction partners, Mines Rescue, contractors and suppliers joined representatives from Mastermyne Group companies, Mastermyne Mining, Wilson Mining and Mynesight to officially open the Underground Coal Mining simulation training centre on Tuesday.

The controlled environment will be used to train the next generation of Illawarra's underground miners. The training is designed to make the transition to underground a little easier and a lot safer and launch the Cleanskins on their new career!

---

# Deputy's in Training

Mastermyne's 2020 Deputy Program has commenced! Queensland participants are first cab off the rank, with eight of Mastermyne's finest taking their first steps to become a Mine Deputy.

Over a 12 – 18 month period, these men will undertake study to complete their Certificate IV in Underground Coal Operations before moving through law and oral exams to become a Statutory Official. While completing the formal learning is important, at Mastermyne we know that it's practice and experience on the job that will be critical to each participant's success. Understanding this, participants will be linked with Mentors throughout the program who will offer guidance and practical experience opportunities along the way.

Dave Sykes (Mastermyne EGM, pictured far right) spent time with the guys last week to explain practical experience requirements of the program – what each participant can do to create their own opportunities to learn and how Mastermyne can support along the way. We look forward to kicking off the New South Wales Program in mid February.

Congratulations Shaun Bragg, Jay Pont, Blake Steinhardt, Tyrone Sullivan, Kieran Broughton, Lee Lund, Stuart McConnell and James Barker (pictured left to right) on being selected into the QLD program.

---

## You're a **KEEP'er!!**

Fantastic work from Boan Hutchesson (left) and Dean Ryan (right) for all round good effort and safety leadership! Presented by Megan Brunker (HR) and Wayne Price (EXGM NSW Mining), Integra's Monthly Communication Sessions have done a stand out job at recognising hard workers and setting the bar super high at Mastermyne.

---

## Out & About

Igniting the learning journey at both ends of the spectrum! The first cleanskin group for 2020 had a chance to catch up with participants in the Qld Deputy course on Friday afternoon 17 January. It provided a fantastic opportunity for the Cleanskins to ask our Deputy's in training, questions about working underground in a relaxed environment by the river.

Mastermyne has been sharing the love by sponsoring the under-13's team uniforms at the Calliope Cricket Club. Russell Dendle (Snr Management Accountant) showed his community support by paying them a visit and watching them in action!

"Viv and Tony C. were more than welcoming to allow the kids into the office and encouraged us to do the Mynesight visit. Brenda Witt and the team at Mynesight were awesome allowing us through the facility.

My youngest daughter (5) said she felt like she had been to work with Daddy. The flexibility and family friendly culture shown towards my wife, my kids and myself was very much appreciated." - Clint Day

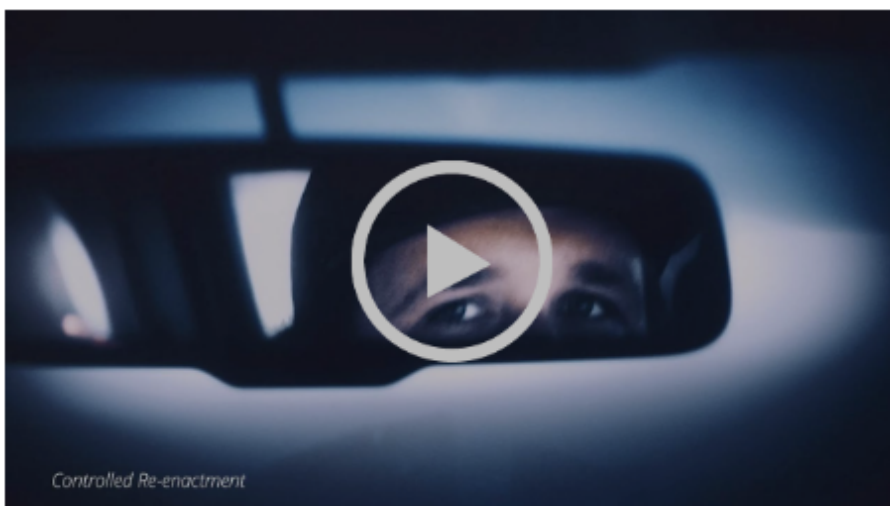

Call Out to Grosvenor Ventilation A-Crew that received a \$250 'Rock up' Voucher from Anglo as part of their 'Celebrating Success and Recognition Program'. Both A-Crew and B-Crew were praised for their efforts on the LW face, when asked to throw rocks off the AFC, for a few shifts in a row. Well Done Boys! What a great look for the company! A-Crew celebrated with a nice steak at The Workers Club and a couple of Lemonades.

# Mates Helping Mates

---

We have all seen through the multiple media channels the devastation that the bush fires are having on the country and the overwhelming impact its having on communities, the wildlife and individuals alike.

Mastermyne Consumables in Rockhampton were contacted by a member of the Yeppoon Lions Club, asking if we had any second hand containers for sale. They were looking for weather tight storage for people who had lost homes to store remaining personal affects that they had. This request was met with the ultimate of urgency and Mastermyne Consumables went one better and offered the containers free of charge. Mastermyne arranged for 4 containers to be picked up and given to the Yeppoon Lions Club who have again stepped up for the community affected and support the victims of this recent catastrophe.

# The Ripple Effect

Click on our [Facebook page](#) to find our more!

Mastermyne are pleased to reveal the two charities chosen to benefit through by a percentage of the profits from the hire of these two loaders. Cancer researcher Love Your Sister, co-founded by actor Samuel Johnson and his late sister Connie, is the beneficiary of funds raised by the pink loader while the blue loader will dig deep for Grapevine, a suicide prevention volunteer group founded in Mackay.
